

LOIS MARGOLIN

The Impact of Generations in the Workforce

by Lois Margolin, Lois Margolin LLC, CPA

*Is understanding generational differences
important in the workplace? Are you
effectively working with all generations?*

In this presentation we will explore:

- generational values
- work styles of each generation
- three ways to connect with the different generations

These insights and techniques will support transformation for both your personal and professional life. By the end of this session, you will have a renewed appreciation for the power of understanding generations, PLUS you will receive a handout with guidelines for a better understanding of the generations.

Lois Margolin is a subject matter expert on this topic. She is a long-time member of ABWA and a business owner – who sold her international software company – to return to her authentic love of accounting as a CPA. Her business requires her to work effectively with each generation and to determine how to keep all generations happy.
